Dear Sirs and Madams,

We would be grateful if you could provide us with answers to the following questions.

1. How many emergency response vehicles (ambulance, paramedics, etc) are in service in your region and if possible the UK?
2. Is it possible to acquire an inventory list of medical equipment on board an ambulance?
3. Who are your main medical equipment suppliers?

If you are unable to provide us with any of the above information could you point us in the direction of somewhere/one that can.
