

Working for the Service during the 2012 Games

Selection criteria

All staff expressing an interest to work in Event Control will be required to meet the following criteria:

1. Acceptable attendance levels in line with the Managing Attendance Policy. If you are on an informal or formal warning under this policy, this might not preclude you from being accepted to work, but discussions with your line manager will determine your suitability to work.
2. In the run up to the 2012 Games, if there are current disciplinary sanctions or proceedings in place, we may not be able to support your application. If this is the situation, each case will be reviewed with the relevant line manager and a decision made as to suitability.
3. Due to the scale of the event, individuals must be available from May to September 2012 to allow planning and rostering to take place.
4. A commitment that block annual leave cannot be taken for the specific period of the London 2012 Olympic and Paralympic Games: 27 July - 12 August and 29 August - 9 September respectively. Normal Trust policy will apply in relation to short notice and ad-hoc leave.
5. Willing to work at Event Control based at St Andrews House, Bow or other related centres as required.

Event Control staff may also be required to work as part of a Forward Control Team and in the Special Operations Room with the Metropolitan Police Service.

6. Willingness to undertake, in the individual's own time, travel to the Event Control based at St Andrews House, Bow or other related centres as required (reasonable travel expenses will be paid).
7. Staff who volunteer for any 2012 Games related work must accept that there is likely to be limited opportunity to view sport in any of the venues.
8. The London Ambulance Service as an organisation is fully committed to equality and inclusion in all of its practices. 2012 Games policy will be in line with existing Trust policy subject to venue and location risk assessments.
9. All staff working in accredited areas will be required to agree to the accreditation process, which will include release of personal information to the Home Office and the London Organising Committee of the Olympic Games (LOCOG).
10. There will be a requirement to work full rotating shifts including nights.

11. Experience working at pre-planned aid events, stadium events, and other incidents is desirable.
