

## Procedure for Ambulance Observers

### Introduction

This procedure relates to all requests from anyone seeking permission to undertake periods of observation on both Accident and Emergency and Patient Transport Services (PTS) vehicles.

Most requests to ride out with ambulance staff on a London Ambulance Service NHS Trust (LAS) vehicle generally come from student doctors, nurses and other healthcare agencies within the NHS including staff from LAS. Occasionally, MPs, local councillors, representatives from non-NHS or UK ambulance services, visitors from abroad, journalist and the media will request or be invited to ride out as an observer.

For the purpose of this procedure an 'ambulance observer' means; an authorised person suitably dressed, may accompany ambulance staff solely to observe operational activities and crew actions without interference or assisting in any way with patient care or treatment.

### Objectives.

1. To ensure a standard approach when dealing with all requests / invitations to observe on LAS vehicles.
2. To ensure proper scrutiny for all such requests is undertaken and that appropriate paper work and indemnity where necessary, is confirmed in writing.

### Procedure

#### 1.0 Who may ride out as an Ambulance Observer on an LAS vehicle

- 1.1 As a general rule no one under the age of 18 years may go out as an ambulance observer on any LAS vehicle. The only exception to this rule is for students undertaking an appropriate training course (student nurses, GNVQ Health & Social Care, etc) who may observe on A&E vehicles providing their college agrees the undertaking in 2.4 below to provide indemnity for the negligence of the student.

## 2.0 Processing and authorising applications for Ambulance Observers.

- 2.1 A person wishing to ride out as an observer will be referred to the AOM / DSO, at the ambulance station where the ride out is proposed who will provide the necessary indemnity form.
- 2.2 In the case of an LAS employee whose service induction includes a period of time as an ambulance observer or where subsequently observer duties are arranged, it will not be necessary for them to sign indemnity forms.
- 2.3 Whenever a third party wishes to accompany LAS staff on a vehicle, the Indemnity Form (LA123) Part A ([see Appendix 1](#)), and the Observers Guidance Notes, part B ([Appendix 2](#)) must be signed and returned to the LAS prior to the period of observation.
- 2.4 If the third party is employed by another NHS Trust, health authority or a student at university or College of Further Education pursuing a professional health qualification, the employing authority / university / College of Further Education must confirm on headed letter paper that the employing authority will accept liability for the negligence of their staff in the event of personal injury, injury to patients or LAS staff or damage to LAS property.
- 2.5 If the third party is not employed by a NHS Trust or health authority or is not a student at university or College of Further Education pursuing a professional health qualification, the third party must be asked to provide proof of public liability and employer liability insurance to the value of:-
- £250,000 - if they are a student or unemployed,
  - £2,000,000 - if they are employed by a private company or other public body,
  - £5,000,000 - if they are employed by a public limited company.
- 2.6 Authorising applications and making final arrangements, such as name of crew time, date and place for the ambulance observer to report to accompany an A&E vehicle, will be undertaken in the first instance by AOM/DSO. PTS authorisation for an observer will be granted by a Contract Operation Manager or Site Manager. In the event of the AOM's absence, authorisation may be granted by DSO, HR Officer or Support Services Officer. In the event of the Contract Operation Manager or Site Manager's absence, authorisation may be granted by PTS Lead.
- 2.7 A copy of the signed indemnity form together with the proof of the insurance or letter from the NHS employer / university or College of Further Education and other documents will be retained by the

department facilitating the arrangement for a period of 4 years.

- 2.8 Should any injury / loss / damage occur whilst the third party is accompanying LAS staff as an ambulance observer, an Accident / Incident Reporting form LA 52 must be completed.
- 2.9 In any event an ambulance crew have the right and responsibility to terminate the 'ambulance observation' period at any time should they believe the observer has breached or compromised these guidelines to the detriment of patients and staff.

### **3.0 Inviting Politicians, VIPs, guests from abroad and the media as Ambulance Observers.**

- 3.1 Occasionally, the LAS approaches individuals from external organisations to observe on a vehicle. It would be inappropriate for the service to expect indemnification from this group of people when this has been initiated by the LAS and clearly for the benefits of the service's own interests.
- 3.2 In these special circumstances, managers or officers of Assistant Director of Operations level or above may allow guests to observe on vehicles without the need to provide indemnity or insurance. The group of individuals that this is most likely to apply would be politicians, VIPs, visitors from abroad and, when the LAS has made the initial approach to the press/media.
- 3.3 This facility must not be used to short-cut the procedure in the event of a 'guest' requesting the facility of ambulance observing at short notice, because of not having sufficient time available or due to incomplete or incorrect documentation.

Notes to be read and signed by any person wishing to accompany London Ambulance Service staff as an observer on a vehicle.

1. Due to the nature of the Ambulance Service it is difficult to predict the type of incident or locations that you will attend. With this in mind you should wear clothing that is practical and yet offers some protection from the elements etc. In particular you should wear footwear that offers protection to the feet and has a non-slip sole. In addition you will be required to wear a reflective tabard that clearly identifies you as an "observer" and appropriate safety equipment during the course of the shift.
2. At all times you must act under the instructions of the crew of the vehicle. This relates to your seating position in the vehicle and whilst at incidents or locations. Contravening these guidelines or instructions given by the crew may result in your observation period being terminated by the crew or authorising officer.
3. For your own safety, you should remain seated with seatbelt applied, whilst the vehicle is in motion and comply with the London Ambulance Service no smoking policy as well as other London Ambulance procedures and protocols
4. At the beginning of the period of observation you should acquaint yourself with the layout of the vehicle and the location of any safety equipment, fire extinguishers etc.
5. During the course of this period of observation you should not attempt to use any items of LAS equipment or offer any treatment to a patient unless asked to do so by the attendant / crew members.
6. You owe a duty of confidence to patients and must not, therefore, disclose any patient identifiable information about patients to a third party.
7. If for operational or patient care related reasons it is not possible to immediately convey you either from the scene of an incident to hospital or from hospital back to an Ambulance Station, the LAS will make every effort to do so, as soon as possible.
